WALL MOUNTED TOOL RACK

Model CWR45B

Part No: 4800200

ASSEMBLY & INSTALLATION INSTRUCTIONS

INTRODUCTION

Thank you for purchasing this CLARKE wall rack. Please follow these assembly instructions carefully.

GUARANTEE

This CLARKE product is guaranteed against faulty manufacture for a period of 12 months from the date of purchase. Please keep your receipt as proof of purchase.

This guarantee is invalid if the product is found to have been abused or tampered with in any way, or not used for the purpose for which it was intended. Faulty goods should be returned to their place of purchase, no product can be returned to us without prior permission.

This guarantee does not effect your statutory rights.

ENVIRONMENTAL PROTECTION

Do not dispose of workshop products with general household waste. All tools, accessories and packaging should be sorted, taken to a re-cycling centre and disposed of appropriately.

TECHNICAL DATA

- Dimensions (mm) 1115 long x 15 deep x 635 high
- Weight 6.2 kg

PARTS LIST

Unpack your wall rack and check to ensure that no damage was suffered during transit. Should any damage be apparent, you should contact your Clarke dealer immediately.

The kit comprises:

- 5 x panels
- 10 x assorted tool holders
- 8 x sets of bolts & nuts
- 2 screws with rawlplugs

Tools required:

- Power drill with masonry drill bits
- X-head screwdriver
- 6mm spanner/ flat screwdriver

ASSEMBLY

1. Fix the five panels together, side by side, using the nuts and bolts supplied. Ensure that the panels with the wall fixing brackets are at each end of the assembly. Use two bolts per panel joint. Fully tighten all the nuts.
2. Mark the intended position of the product on the wall. Accurately measure the distance between the centres of the holes of the integral supporting brackets on the back of the end panels.
 - End panels only are used for fixing.
3. Mark these hole centres on the wall and drill holes for the rawlplugs supplied. Secure the screws into each fixing position.
4. The wall rack can now be hung on these screws, ensuring the head of each screw fully locates into the supporting bracket on the back of each end panel.
5. After securing the wall rack to the wall, attach the tool holders in the desired positions to suit your tools.
