Please read these instructions carefully before operating the tool

Thank you for purchasing this **CLARKE Long Nozzle Blow Gun**. Before using the device, please read this manual thoroughly and carefully follow all instructions given. This is for your own safety and that of others around you, and is also to help you achieve long and trouble free service from your new blow gun.

⚠ WARNING ⚠

Compressed air can be dangerous. Ensure that you are thoroughly familiar with all precautions relating to the use of compressors and compressed air supply.

CLARKE GUARANTEE

This CLARKE product is guaranteed against faulty manufacture for a period of 12 months from the date of purchase. Please keep your receipt as proof of purchase.

This guarantee is invalid if the product is found to have been abused or tampered with in any way, or not used for the purpose for which it was intended.

Faulty goods should be returned to their place of purchase, no product can be returned to us without prior permission.

This guarantee does not affect your statutory rights.

This simple to operate trigger action blow gun can be used to blow away dust and wood shavings as well as metal filings and swarf. Take great care when using this appliance... DO NOT use high air pressure when cleaning dust from electrical or electronic components.

SAFETY PRECAUTIONS

For your personal safety and that of others around you. Follow these safety instructions carefully.

Maintenance

IMPORTANT

Disconnect the gun from the air supply, and relieve any pressure in the gun and hose, before any disassembly.

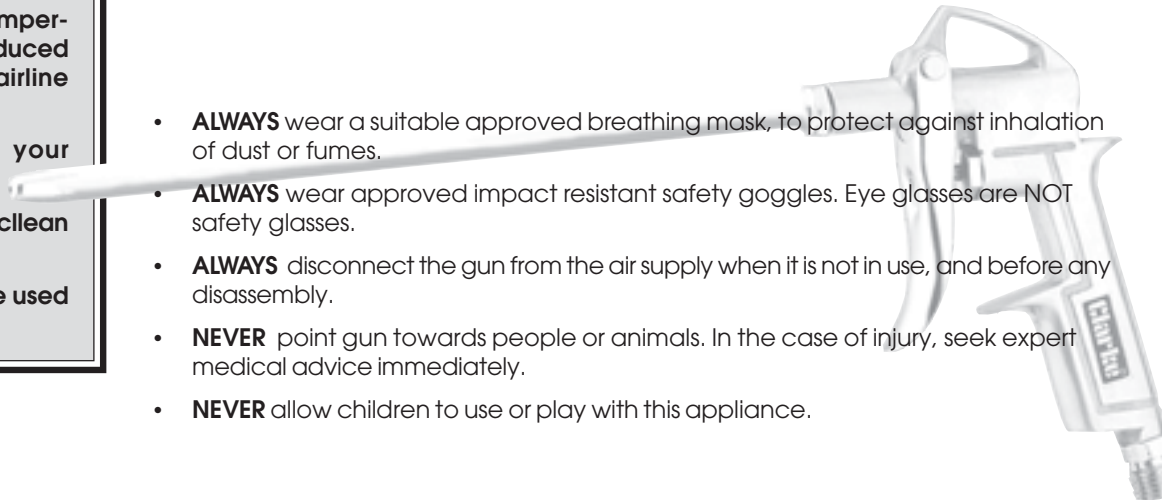

The only maintenance other than to replace worn or broken parts, is to keep the gun clean and lubricated.

Occasionally clean the gun and lubricate all moving parts, especially the trigger stud. Inspect the gun and air hose for wear or damage periodically, and replace if necessary.

DO NOT use damaged or leaking hoses.

⚠ WARNING ⚠

Compressed air can be dangerous. Ensure that you are thoroughly familiar with all precautions relating to the use of compressors and compressed air supply.

- **ALWAYS** wear a suitable approved breathing mask, to protect against inhalation of dust or fumes.
- **ALWAYS** wear approved impact resistant safety goggles. Eye glasses are NOT safety glasses.
- **ALWAYS** disconnect the gun from the air supply when it is not in use, and before any disassembly.
- **NEVER** point gun towards people or animals. In the case of injury, seek expert medical advice immediately.
- **NEVER** allow children to use or play with this appliance.

⚠ WARNING ⚠

Blow guns should only be connected to an airline preceded by a pre-set tamper-proof pressure regulator set at a reduced pressure from the normal 80 psi airline supply.

If in any doubt, please contact your nearest Clarke service department.

The air supply should be completely clean and dry.

Lubricators of any kind should not be used with blow guns.
