

# NTS200FLEX\_230V // wet and dry grinder

## highlights

- universally applicable for easy and precise sharpening of e.g. knives, chisels, cutting tools, scissors, turning tools and more
- aluminium oxide grinding stone passes through a pool of water for cooling the workpiece and counteracts overheating
- the constant and low speed ensures safe working without flying sparks
- optimally suited for do-it-yourselfers but also for commercial use
- stepless speed adjustable by potentiometer
- adjustable grinding direction CW or CCW

**included in delivery:** K220 aluminum oxide grinding stone, leather honing wheel, universal holder, tool holder, water reservoir, angle template, grinding paste

# NTS200FLEX\_230V // wet and dry grinder

## technical details

|                            |               |                               |                |
|----------------------------|---------------|-------------------------------|----------------|
| motor power s1 in W        | 120 S2 (5min) | voltage                       | 230V / 50Hz    |
| cable length               | 2m            | protection class              | IP23           |
