Powerpack Pro 1000

Industrial and compact, all in one Powerpack Pro 1000 provides reliable AC and DC power whenever and wherever you need it

Features:

- Very high quality, energy efficient (LiFePO4) lithium iron phosphate gives over 2000 cycles
- Strong and industrial grade shell
- · High capacity 960 watt hour (Wh) lithium battery
- · Fast charging from grid in under 2 hours
- · Intelligent multi stage safety protection and design
- Safe and easy to use, with multiple outputs for AC, DC, USB, USB 3.0 and Type-C outputs
- Smart LCD control panel, monitors and displays both input and output power, as well as time to go
- · Only 17 Kg with no compromises to battery capacity
- Solar compatible with included MPPT solar charge controller (200W max at 12V / 400W max at 24V)
- In-Vehicle buck boost DC charger is compatible with both standard and smart alternators and delivers up to 10A
- Temperature regulated with dynamic cooling
- Ultra stable 1000W continuous pure sinewave 230V output with single UK plug socket (200% Surge)
- · Auto shutdown after 12 hours if no load is detected

Ideal for Industrial Applications

Fast charging in under 2 hours
