

# Powerpack Pro 3000

Portable  
Power  
Technology

**Industrial and compact, all in one Powerpack Pro 3000 provides reliable AC and DC power whenever and wherever you need it**

## Features:

- Very high quality, energy efficient (LiFePO4) lithium iron phosphate gives over 2000 cycles
- Strong and industrial grade shell
- High capacity 1920 watt hour (Wh) lithium battery
- Fast charging from grid in 4 hours
- Intelligent multi stage safety protection and design
- Safe and easy to use, with multiple outputs for AC, DC, USB, USB 3.0 and Type-C outputs
- Smart LCD control panel, monitors and displays both input and output power, as well as time to go
- Only 31 Kg with no compromises to battery capacity
- Solar compatible with included MPPT solar charge controller (200W max at 12V / 400W max at 24V)
- In-Vehicle buck boost DC charger is compatible with both standard and smart alternators and delivers up to 10A
- Temperature regulated with dynamic cooling
- Ultra stable 3000W continuous pure sinewave 230V output with single UK plug socket (200% Surge)
- Auto shutdown after 12 hours if no load is detected

**Ideal for Industrial Applications**

**Fast charging  
in 4 hours**

**Lithium Iron  
Phosphate**

**Intelligent Safety  
Protection**

**Industrial  
Design**

## Other Specification:

|                           |                         |
|---------------------------|-------------------------|
| Input Voltage (AC)        | 230V                    |
| Input Charging            | 54V / 10A               |
| Typical Charging Time     | 3 - 4 hours             |
| Output Voltage (Inverter) | 230V 50Hz pure sinewave |
| Output Power (Inverter)   | 3000W continuous        |
| Max Solar Input           | 200W (12V) 400W (24V)   |
| Max Solar Output          | 54V / 7.5A              |
| Battery Capacity          | 1920Wh                  |

|                          |                    |
|--------------------------|--------------------|
| DC Charging (Buck Boost) | 10A Max            |
| 12V DC Car Socket        | 12.5V / 10A        |
| 12V DC Port              | 12.5V / 10A (x2)   |
| USB 2.0                  | 5V / 2.4A (x2)     |
| USB 3.0                  | 65W Max            |
| USB Type-C               | 100W Max           |
| Dimensions               | 427 x 244 x 387 mm |
| Weight                   | 31Kg               |
