

# STM26\_230V \*

## boring - mortise - machine

### highlights

- dovetail guides (adjustable) ensures precise work
- perfect machine for tenoning joints in hard- and softwood
- adjustable depth stops allow a high repeating accuracy
- big hand wheels allow an easy adjustment of the table
- convenient one-hand operation with force support through gas pressure cylinder
- bending resistant cast iron setup
- 2pcs work piece down holder with quick adjustment
- stand with lockable tool cabinet and rubber feet
- max. work piece height: 210mm
- height: 1720mm

**included in delivery:** mortising drill 16mm, stand

# STM26\_230V<sup>\*</sup>

## boring - mortise - machine

### technical details

motor power s1 in W	750	motor power s6 in W	1050
voltage	230V	max. height in mm	1720
table size in mm	400x150	max. workpiece thickness in mm	210
drilling spindle speed in min-1	1400	max. drilling depth in mm	76
chisel dimensions min/max in mm	6-26	gross weight in kg	110
net weight in kg	90	packaging length in mm	570
packaging width in mm	490	packaging height in mm	850
EAN code	9120039902999
